ASSESSMENT INFORMATION TO ALL P4 PARENTS

Dear Parents,

As part of the school's continuous effort to improve her processes, there has been a change of format in the dissemination of the assessment information since 2016.

At the beginning of each academic year, your child will receive the following annexes which explain the assessment format as well as scope for assessment for each paper by level by subject:

- Annex A – Assessment Overview
- Annex B – Subject Information

The rationale of this change is for you to have the ease of information of what needs to be tested.

We hope that with this change, the information becomes clearer and easier for you to assist your child in preparing for his/her assessments.

The information is correct at the time of printing. Should there be any changes to the information, you will be duly informed. You are advised to access the school website for the latest updates.

Please refer to Pupil Handbook p23 "Absence during School Assessments" for more information. Kindly retain this circular for future reference.

Thank you for partnering us in this important aspect of your child's development. We look forward to strengthening our partnership with you.

Thank you for your attention.

Yours sincerely,

Mrs Hariani Salleh
HOD (Math) / Assessment Co-ordinator
