

# Enabling SNAC™ To Receive Alert For New Notification(s)

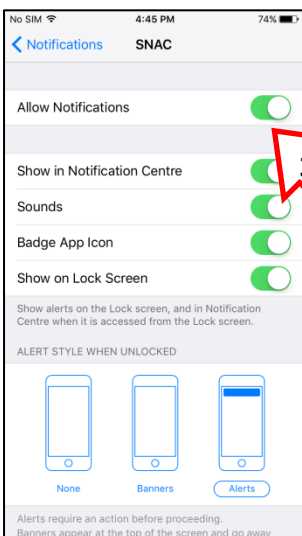

The below instruction guide is for iOS (iPhone) users. Please kindly take note and read the description on your iPhone while following the guide.

Step 1: On “Settings” go to “Notifications”

Step 2: Select SNAC™

Step 3: Set Allow:

- Notifications
- Show in Notification Centre
- Sound
- Badge APP Icon
- Show on Lock Screen
- \* Your preferred display mode

**Disclaimer:** The above screenshots are based on our default development devices (iOS iPhone 7s).

For technical matters or registration issue(s) please refer to our FAQ page at <http://www.apptitude.sg/snac.faq.htm> or email us: [snac.support@apptitude.sg](mailto:snac.support@apptitude.sg)
