P2 Learning experiences & Assessment matters

Every White Sandian, a success story

Lower Primary Level Outcome

A Caring Achiever

Caring individuals who have a good sense of self-awareness and are able to build positive relationships through care and respect.

Every White Sandian, a success story

A learner-oriented classroom environment

GROW with Me!

| Specific | Measurable | Achievable | Realistic | Timely |
|-------------------------|---|---------------------------------------|-----------------------------------|--|
| S | M | A | R | T |
| G | O | A | L | S |
| What do you want to do? | How will you know when you've reached it? | Is it in your power to accomplish it? | Can you realistically achieve it? | When exactly do you want to accomplish it? |

We can set goals for anything we hope to achieve!

Start setting S.M.A.R.T Goals today!

Let us start writing our success stories by practising the Growth Mindset!

Using positive language can help to reduce conflict, improve communication among friends. It will also help you to increase self-confidence and curb negative feelings. Practise it often!

| The Power of Positive Self-Talk | | |
|---------------------------------|-----------------------|-------------------------------|
| Builds Confidence | | |
| Improves Attitude | Promotes Self-Love | Helps Cope with Stress |
| Allows for Taking Risks | Encourages Motivation | Helps Work Through Challenges |

GROW with Me!

A great way to use the power of yet into all that you do is to identify where you're using the word 'can't'.

All you need to do is to add the word 'yet' on the end and you have just change your mindset!

Gratitude is showing appreciation for what we have. People who express gratitude daily are happier than others.

So start saying "Thank You", appreciate the people around you and pay attention to the good things!

Let us start writing our success stories by practising the Growth Mindset!

Supporting your child for success

Perseverance

Children with perseverance do not give up even though the task is challenging.

What my child may say.

I DO NOT GIVE UP EVEN THOUGH I AM HAVING DIFFICULTY.
I KEEP WORKING AT A TASK TO COMPLETE IT.

Why this may be important.

When our children experience failure or challenges, it is important to encourage them not to give up. Learning to persevere will not only see them through their education but in life as well.

How do I develop it?

Challenge your child to try different things beyond their comfort zone and provide support when they struggle. Plan simple or bite-sized tasks such as completing a jigsaw puzzle with increasing levels of difficulty, or preparing a simple breakfast meal for themselves.

On the other hand, we should not be too quick to jump in and help — let them struggle a little and when they succeed, they feel motivated and confident. Remember to celebrate their efforts, and not just their achievements!

Every White Sandian, a success story

Supporting your child for success

Engagement

Children who are engaged are immersed in learning and enjoy what they do.

What my child may say.

I ENJOY LEARNING.

I AM EXCITED ABOUT LEARNING.

Why this may be important.

When our children are involved and engaged, they enjoy what they are learning and seek new opportunities to learn. Being engaged also helps them to take responsibility for their own learning.

How do I develop it?

Observe what excites your child most. Involve them in things and activities that interest them. For example, if they are interested in dinosaurs, you can engage them in stories about dinosaurs.

When they show enjoyment, encourage them with language like, "Shall we read up more about the topic? How about reading on your own?" This will motivate them and help them become more enthusiastic in their learning.

Supporting your child for success

Sense of Wonder & Curiosity

Children with a sense of wonder and curiosity show interest in the world around them and excitement to learn new things.

What my child may say.

I AM EXCITED WHEN I LEARN NEW THINGS.

I AM NOT AFRAID TO ASK QUESTIONS ON WHY THINGS HAPPEN AND HOW THINGS WORK.

Why this may be important.

Our children are naturally curious about the world we live in and it is necessary to nurture and sustain this. It also creates an interest in learning and encourages them to find out more beyond the textbook.

How do I develop it?

Encourage your child to observe their surroundings and ask questions. Look out for interesting things and changes around with them. When you take a walk around the neighbourhood, share with your child what you see and hear around you. Ask questions about the surroundings and encourage them to do the same. For e.g. "I wonder why...?", "What do you think...?".
