The school will be holding the Pupil-Teacher-Parent Conference on Friday, 31 May 2019. This session is a communication platform to help our parents better understand their child's development

and progress in addition to building a strong, focused & positive partnership between pupil, teacher & parents. Booking for the Parent-Teacher Conference will be made online. Details will be issued separately.

3. Positive Relationships

Positive relationships are important in every growing child's life because they help develop independence, self-esteem and well-being. Children feel confident, secure, are able to trust their relationship with adults, and in turn, learn to trust their own decisions.

Children who grow up with a secure and healthy attachment to their parents develop happy and content relationships with others in their life. A child who has a secure relationship with parent also learns to regulate emotions under stress and in difficult situations.

So do spend time with your children this coming holiday and build a relationship of love and trust. More information can be found at <https://www.schoolbag.sg/story/why-relationships-matter>.

4. Update on Travel Plans

As part of the school's proactive and preventive measures to ensure that the school is prepared for health related emergencies that may arise such as pandemic flu, we seek your assistance in updating the school on travel plans involving your children for the upcoming mid-year holidays.

All P1 parents need to declare the travel plans of their P1 children regardless of travel intent. A nil return is required. For P2 to P6, only parents who intend to travel need to declare their children's travel plans. Details on how to update your travel plans are found in Annex A. Please submit the travel plans by Friday, 31 May 2019.

5. Parents Gateway

We are pleased to inform you that our school is going on-board Parents Gateway. Parents Gateway is a mobile app specially designed for parents. Developed by MOE and GovTech, the app allows parents to engage with schools, receive information and perform a range of administrative functions such as giving consent for school trips.

We would like to invite you to download the Parents Gateway mobile app on your mobile phone (available on iOS and Android platforms only) and perform a simple one-time on-boarding process. Please refer to Annex B for a step-by-step guide.

We look forward to your support so that we can make use of Parent Gateway for purposes mentioned above. Parent Gateway will ultimately replace the school's usage of SNAC.
